

## Our Promise to You During the Coronavirus National Emergency

We are taking every action possible to provide you with a safe & reliable place to shop during the Coronavirus pandemic. We have enacted a full-scale virus prevention based on the latest guidelines from the CDC & the Ohio Dept. of Health. This includes:

### SAFETY:

- Increasing cleaning of the entire store, especially high-touch areas.
- Protecting the product coming in by requiring vendors to wear gloves when handling product & confirm our vendors are checking the temperature of delivery drivers daily.
- Prepackaging self-serve items such as soup.
- Providing an elderly & high-risk shopping window 7AM-9AM daily.
- Instructing our team to stay home if they or someone in their household is exhibiting symptoms of coronavirus.
- Providing employee training about proper hand washing and virus prevention best practices.
- Serving Pharmacy patients by moving to drive thru only to limit traffic in the store & create the safest environment possible for your healthcare needs.

### PRODUCT AVAILABILITY:

- Working tirelessly with suppliers to locate & replenish products as quickly as possible.
- Placing limits on the amount of products purchased to ensure our entire community has access.
- Identifying local businesses to partner with to source products.

### PRICING:

- Keeping prices as low as possible. We will NEVER take advantage of our community. While the cost of products may fluctuate as we source from multiple suppliers, we promise to maintain our normal cost of business and extend supplier deals when possible.
